What has the **QEP** Planning Team been doing?

A ton! A couple of us attended the COC Reaffirmation Orientation in January. We've created the Topic Selection Team (*left*) and we've started the tough task of creating the themes from nearly 200 suggestions that were received. We are currently researching each theme to ensure that a topic could come from each that would be reasonable, measurable, affect the greater number of our students and, most importantly, involve [student learning](#).

How's Our Progress?
